Galeon

GALEON 430 HTC

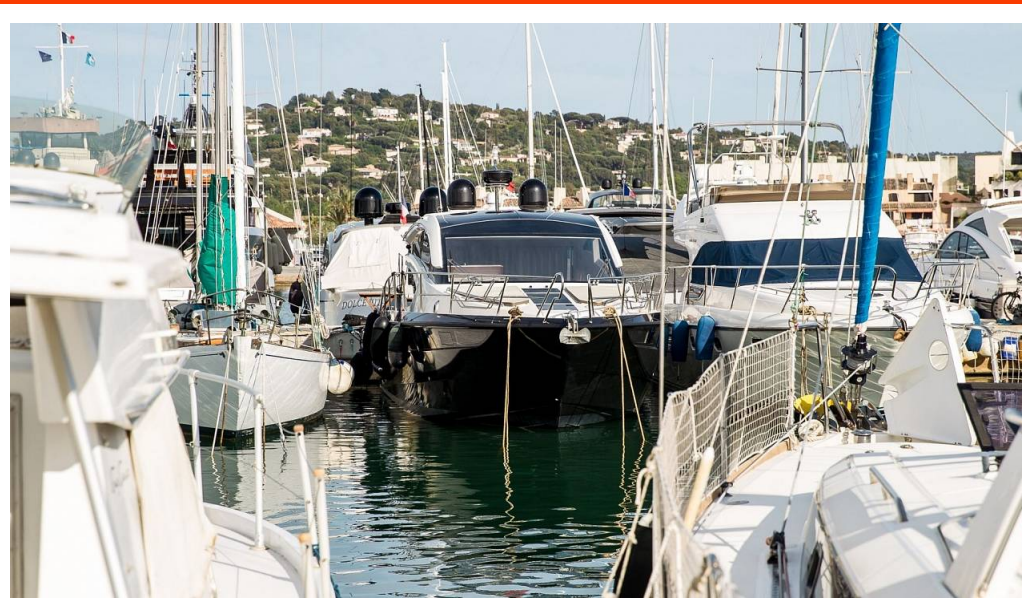

Galeon 430 HTC is a hardtop motor yacht from 2015, located in France and has been well-maintained. EU VAT paid!

Front glazing has no partition, translucent hard top and huge side windows give the interior lightness and airiness. With the sliding doors open, the salon and cockpit easily merge into one space, the border between "inside and outside" disappears. The dining area can be connected with a sofa in the cockpit (by turning the double seat 90 degrees), comfortably seating 10-12 people.

The galley is equipped with full kitchen appliances and a 180 L refrigerator.

The master cabin with a large round bed is located in the bow of the yacht, the owner has a separate bathroom with a shower. On the starboard side there is a guest double cabin and a bathroom. The dining area in the salon can be transformed into additional berths.

The helm station on the starboard side boasts excellent visibility, thanks to the large windshield and an abundance of translucent structures. Two thrusters ensure the best maneuverability. With the high-performance engine Volvo Penta D6 370 hp, the yacht is capable of reaching a top speed of 34 knots. The fuel tank of 1100 liters allows long trips. For a relaxed sea trip, enable the

autopilot that is included in a list of equipment.

Equipment:

On-board computer

Glossy Walnut interior

Transom plates with LED indication

Heater Webasto
