Price: Price on request

Galeon

GALEON 440 FLY

NEW BOAT FOR ORDER! Galeon 440 FLY has joined the impressive family of 40 ft Galeon yachts.

The sleek exterior marks another collaboration with the esteemed Tony Castro Design Studio and is quickly recognizable as it follows the trends set by the fourth generation of Galeon yachts. A unique combination of a dynamic silhouette with sporty accents throughout is complemented by the large windows on both decks that liven up the interior.

The top deck features a helm station with a settee port side for a companion, with the main rest area moved back. The L-shaped sofa wraps around the elongated table and will seat six in comfort. A wet bar will hold refreshments and help to keep things tidy.

The main deck holds two separate leisure areas with the bow easily accessible by the starboard sliding doors next to the helm. Guests can choose to prop-up the foldable bimini and front facing seat for extra protection from the elements.

The cockpit allows for boarding from all sides thanks to the full-sized hydraulic stern platform and Beach Mode with semi-glazed panels.

Drop down both sides to extend the usable space during mooring and invite your guests to activities like diving, fishing or sunbathing - exciting! The bath platform functions as a lift for all your water toys and allows easy access to the stern-facing grill area.

With over 2 meters of extra space added to the beam, the Beach Mode proves time and again to be everyone's favorite feature.

Inside, a classic layout can be found with the rest area moved back, divided from the cockpit only by the sliding glass doors. Galley and helm station are moved forward with two or three cabins located on the lower deck.

The two cabin option will accommodate four passengers in style, as both the midship master and the forward VIP offer significant volume and storage space. For larger groups a choice between two different, three cabin layouts is available with bunk beds or twin cabin setups. Both bathrooms down below are fitted with a head and shower with standing height.
