Nomad Yachts

NOMAD 70 SUV

The Nomad 70 SUV was first introduced in 2022 at the Dubai International Boat Show (DIBS). In 2023, this model got an extended hull. The ground-breaking Nomad 70 gives the feeling of being on a much larger yacht. With generous outside areas and a private sky lounge it is perfect for a long distance cruising in the utmost comfort.

The exterior of the yacht was developed by Gulf Craft designers, all models of the Nomad SUV line have similar features. The enclosed saloon/sky lounge is a versatile space with a sofa, TV and helm station. The free space on this deck can be used as you wish. The cockpit has a traditional sofa and dining table; the forward deck is also decorated with a sofa and table. Behind the glass doors there is a lounge with a sofa and TV, and further on there is a dining area with galley.

She can accommodate 10 guests in 5 cabins: a master cabin on the main deck with panoramic windows, two double cabins and two twin cabins on the lower deck, all with private bathrooms. Also there are two crew cabins aft.
