Customline

O

The 38.36 metre motor yacht O has been sold with the buyer introduced by Smarts Yachts.

With exterior styling and interior design by Francesco Paszkowski, O was built in GRP to RINA class by Italian yard Ferretti and delivered in 2018 as one of the yard's Custom Line 120 models. She accommodates 10 guests in five cabins consisting of a main deck master suite, two VIP suites with queen berths and two twins, all with entertainment centres, Samsung flat screen televisions and en suite bathroom facilities.

The saloon has a cool, impressive décor with cherry wood panelling and white stained oak flooring, along with large windows. Comfortable seating is on settees arranged in a U-shaped configuration facing an entertainment centre including a large flat screen Samsung television set on a rise and fall mechanism while forward is a formal dining area. Less formal dining is available at a banquette in the galley, providing breakfasts and casual snacks.

The aft deck has al fresco dining facilities at an expandable table surrounded by a forward facing built in upholstered settee and several occasional all-weather chairs. More outdoor entertainment is available on the lounge deck, fitted out with built in settees six chairs, an electric barbecue grill, fridge, and a waterproof 46-inch Samsung television screen. Twin 2,638hp MTU diesel engines allow a cruising speed of 21 knots topping out at 28 knots.
